11 Shelton's Ash Manor Guest House for up to Nine People**Quantity: 1**

Background: Lavita Shelton was a Muncie UU back in the 1960s when she met and invited Julie and Bob Fritz to come to our church. She later moved to Madison, Indiana. The Fritz family is still here, of course, and they keep in close contact with Lavita. So, many thanks to Julie and Bob for arranging this truly special offering!

Lavita has very generously offered to donate a 5 night and 6 day stay at her Manor House. Ordinarily, she rents out Shelton's Ash Manor Guest House at \$250 per night (that would be \$1,250 for a 5-night stay) plus tax, for the first 1-4 people, with a \$25 charge per additional guest per night. For our auction she expects no income at all for herself, plus no tax and no extra charge for more than 4 persons. To repeat, **OUR CHURCH GETS TO KEEP ALL THE MONEY THAT THE WINNING BIDDER PAYS!**

Staying at the manor is much like stepping back 200 years in time. No cell phone service, TV, or computer connections. (There is a land line phone with unlimited local and domestic long distance.) It is on 450 hilly acres of Classified Forest and creek bottom farmland that you will want to explore. A mile-long hike leads to the Indian-Kentuck Creek where you can go fishing, swimming, or fossil hunting. Although it is less than 30 years old, the construction, architectural details, and materials would date the manor as late 18th Century. The builder combined the salvaged timbers from 3 Kentucky log cabins to create this elegant log home, authentic to the late 18th Century. It is furnished with antiques that are usable, functional, comfortable, and not untouchable. Well behaved children and pets are welcome.

The manor sleeps up to 9 in 4 bedrooms. All linens, towels, cookware, dishes, silverware, and a washer and dryer are provided. All you have to bring is your food and beverages! The kitchen has a nice electric stove, medium size refrigerator, microwave oven, mixer, blender, coffee pot, and crockpot. A huge fireplace, complete with crane and cast iron cookware, dominates one end of the kitchen. There are 4 levels, with only the bottom kitchen level being handicapped accessible. The kitchen door opens out onto a back patio with a gas grill, table and 6 chairs, and a long porch swing. There's even a firepit. The living room is on the second level which you enter through the front door. It also features a large fireplace, comfortable seating for everyone, and a sideboard dated 1773 with a coffeepot and electric tea kettle. Many board games and a library are provided. Two bedrooms are on each of the top 2 levels, one of which has a fireplace.

The one bathroom is on the living room level. It features a slipper tub and a composting toilet. This simply involves doing your business as usual, and putting a dipper of peat moss from the nearby crock into the toilet after each use. (Because of the steep terrain, a septic system could not be installed.) Lavita's Amish friends have built commodes with chamberpots for each of the bedrooms, so no one has to descend the stairs in the night.

Linda Hanson won this last year. She says, "It's perfect for a family or close friends to enjoy each other's company away from the usual distractions. We had a wonderful time!"

Your visit can be any 5 consecutive nights June 1-13 or August 1-22.

Value: \$1,875. Opening bid: \$750 for 5 nights (remember for up to 9 people)
